

March News

This month was short, but filled with lots of fun activities. We learned the letters Q and R, the color pink, number 6 and the heart shape.

In our art center we made a queen, a large pink heart collage, we decorated Valentine bags that were filled proudly with each child's Valentine exchanges. Our art center was also very busy with Mardi Gras creations. We painted large Mardi Gras masks, king cakes, and we made beautiful floats. Our annual Mardi Gras parade was a huge success. Thank you to all our parents for helping and being a part of our parade. The floats were fantastic and the children had a wonderful time.

Parents, please remember to send the "Acts of Kindness" hearts back to school. We will display them on a board during this Lenten Season. The children enjoy this special recognition and praise during our circle time. We are very blessed to have such precious gifts from God.

Please continue to send discovery box items that begin with the letter of the week.
