"Miss" Traci and "Miss" Becky

Dear Parents,

Excitement and anticipation filled the month of December. We "traveled" to Germany and Mexico to find out how the children of these two countries celebrate Jesus' birthday.

We hope you enjoyed the Christmas sing-along. The children did great! We are so proud of them.

We would like to thank all the parents that helped make our Christmas party such a success. News traveled quickly about how wonderful the party was. It was enjoyed by all! "Miss" Becky and I appreciate all that you do throughout the year.

The Art center was the busiest center during the month as our artists worked on their Christmas projects. We turned pine cones into Christmas trees, paper plates into wreaths, handprints into trees and reindeer, and put together a Santa Claus all by ourselves! Most of all, the children enjoyed making their cribs for their baby Jesus to bring home and their Christmas gift, the footprint canvas, for Mom and Dad.

The New Year began with celebrating the Epiphany. The children enjoyed making and wearing their crowns for the day. We also enjoyed king cake for snack to celebrate King's Day. Just like the wise men, we will become astrologist and study the stars in the skies. We will take advantage of modern day technology and travel to space to take a closer look at the planets.

We will resume our alphabet this month, beginning with the letter "O" the week of January 14th. We will continue with our discovery box, please remember to send something; the children enjoy this activity very much.

Best wishes for health and happiness in 2019!

"Miss" Traci and "Miss" Becky
